7) Additional information on the Applicant

8) Maximum reserved capacity [A/kW]

Existing: Requested:

Requested connection date: Annual plan of electricity off-take [kWh]

Location and access to measurement:

* (underline as appropriate)

9) Protection of the personal data of the Applicant

The MDS operator processes and uses data to the extent stated in the Application for Connection of an Appliance to the Distribution System (the “Application”) and in the Agreement on Connecting the Applicant’s Appliance to the Distribution System of the MDS Operator (the “Agreement”) for the purpose of concluding and performing the Agreement, its amendment or termination, which includes charging connection fees or other fees based on the Agreement and keeping records of receivables under the Agreement, cooperation with and rendering assistance to public authorities and other persons in accordance with the relevant generally binding legal regulations. An essential requisite of the stated purpose is the unambiguous identification of the Applicant for the purpose of fulfilling and enforcing the Applicant’s obligations under the Agreement, the proper and complete settlement of all obligations and claims under the Agreement.

Pursuant to Act No.18/2018 Coll. on the Protection of Personal Data, the Applicant is obliged to provide the Controller with the data marked as mandatory in the Application and the Agreement, namely the data necessary for achieving the purpose of their processing as defined in the previous paragraph, failing which the Controller may refuse to conclude the Agreement. The provision of other data is solely on a voluntary basis. You can find our Privacy Policy on our website www.engie.sk/gdpr.
